Request for Distribution of Madison County CARES Act Funds Application Form

INSTRUCTIONS

Purpose of this form:

This form is to be completed by the authorized representative of the Applicant and submitted to the County. Submission of the requested information is required to make a determination regarding eligibility for the funding request. Failure to submit required information in order to evaluate the Application and make a funding award decision will result in denying the Application and any award of funds.

Applicants are encouraged to review section 601(d) of the Social Security Act, as added by section 5001 of the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”); Coronavirus Relief Fund Guidance for State, Territorial, Local, and Tribal Governments issued by the United States Department of Treasury, dated April 22, 2020; and Coronavirus Relief Fund Frequently Asked Questions issued by the United States Department of Treasury, updated most recently as of May 4, 2020.

Instructions regarding completing this form:

A. Requirements of the CARES Act. The CARES Act provides that payments from the Fund may only be used to cover costs that: (1) are necessary expenditures incurred due to the public health emergency with respect to the Coronavirus Disease 2019 (COVID-19); (2) were not accounted for in the budget most recently approved as of March 27, 2020 (the date of enactment of the CARES Act) for the State or government; and (3) were incurred during the period that begins on March 1, 2020, and ends on December 30, 2020.

B. Necessary Expenditures. The requirement that expenditures be incurred “due to” the public health emergency means that expenditures must be used for actions taken to respond to the public health emergency. These may include expenditures incurred to allow the State, territorial, local, or Tribal government to respond directly to the emergency, such as by addressing medical or public health needs, as well as expenditures incurred to respond to second-order effects of the emergency, such as by providing economic support to those suffering from employment or business interruptions due to COVID-19-related business closures.

Funds may not be used to fill shortfalls in government revenue to cover expenditures that would not otherwise qualify under the statute. Although a broad range of uses is allowed, revenue replacement is not a permissible use of Fund payments.

With respect to Section 5 titled “Intended Use of Funds,” all funds must be for “Necessary Expenditures” incurred due to the public health emergency with respect to the Coronavirus Disease 2019 (COVID-19). On April 22, 2020, the federal government provided guidance on the definition of Necessary Expenditure.

Request for Distribution of Madison County CARES Act Funds Application Form

C. Costs Not Accounted For In The Budget Most Recently Approved As Of March 27, 2020.

The CARES Act also requires that payments be used only to cover costs that were not accounted for in the budget most recently approved as of March 27, 2020. A cost meets this requirement if either (a) the cost cannot lawfully be funded using a line item, allotment, or allocation within that budget or (b) the cost is for a substantially different use from any expected use of funds in such a line item, allotment, or allocation. The “most recently approved” budget refers to the enacted budget for the relevant fiscal period for the particular government, without taking into account subsequent supplemental appropriations enacted or other budgetary adjustments made by that government in response to the COVID-19 public health emergency. A cost is not considered to have been accounted for in a budget merely because it could be met using a budgetary stabilization fund, rainy day fund, or similar reserve account.

D. Costs Incurred During The Period That Begins On March 1, 2020 And Ends On December 30, 2020.

A cost is “incurred” when the responsible unit of government has expended funds to cover the cost.

E. Eligible Expenditures

1. Medical expenses such as:

- (a) COVID-19-related expenses of public hospitals, clinics, and similar facilities.
