CENSUS MAPPING

The Census Bureau will be mailing a map, along with colored pencils, to each entity very soon. Some of you may already have received this mailing. The Census Bureau wants you to mark any annexations and corrections on this map and return it to them. We would urge all of you to cooperate with this request as it will give us more accurate maps in the future. If you need assistance with this, please do not hesitate to contact Stan Balsman, GIS Director with the Commission, at 573-547-8357 or sbalsman@semorpc.org.
