INDUSTRIAL ENERGY EFFICIENCY GRANTS AVAILABLE

The Missouri Department of Natural Resources has announced the availability of funding for private industry to undertake energy efficiency projects. Eligible projects include Energy Audits and a wide variety of Energy Efficiency Retrofits. Grants are based on a formula regarding energy savings and can be as high as \$250,000. This program is open to private sector businesses only.

The deadline for applying for these funds is July 9, 2010, so there is some urgency regarding this. Also, an informational webinar is scheduled for June 9, 2010. Sign up information for the webinar can be found at the web site below.

For additional information, go to <http://dnr.mo.gov/transform/energizemissouriindustry.htm>.

The direct email contact for additional information is EMI.efficiency@shawgrp.com.

If you are interested in pursuing this opportunity and require technical assistance in preparing the applications, please feel free to contact the Regional Planning Commission staff at (573) 547-8357 or email David Grimes directly at dgrimes@semorpc.org.
